I do not feel that Government can be committed to any further grants for water supply schemes this year. The scheme is urgent and should be taken up but the Irrigation Dept will have to find the funds. I would recommend that Government be limited to a grant not exceeding the amount of the establishment Roads & Plant Charges in this case. Rs 4,320.

34 That the Govt should not only waive the Cost of Tools and Plant charges amounting to Rs 4320, and also bear one third of the net recurring estimate, viz Rs 8000, does not seem to be a practical proposition. The charges on account of Cost of Tools & Plant will have, according to the Fin Secy's opinion, to be paid by Govt in the form of cash instead of waiving the same & the amount, viz 4320/- will have to be met from the grant for the Improvement of Water Supply in Towns during the current year whether in addition to the, Rs 8000 more can be given for one place alone does not seem to be possible The Sanit Engr has stated that the Cost of charges may be waived & the amount treated as Govt contribution (Para 33)

Water Supply Scheme - French Rocks Municipality

Adverting to your letter No L 668/M1 27-31-9 dated 26th July 1932, and in continuation of my letter No D3 1184/32-33 dated 26/30th September 1932 re the above, I have the honor to submit herewith a revised estimate for Rs 28320/- received from the Executive Engineer, Bureau of Sanitary Engineering, Bangalore, and to state as follows:-

The Municipal Council have at their credit a sum of Rs 18,000/- in Government Savings Bank 7 years Fixed Deposit and also a sum of Rs 5270-12-8 in the Current Deposit The closing balance of the Municipality stood at Rs 2744-1-8 on 1st March 1933 The Municipal Council anticipate a total annual income of Rs 1050/- from Water Rate as per details shown in the enclosed statement dated 25th March 1933 They have resolved to pay the moiety of the cost of the scheme and pray that Government may be pleased to waive the Tools and Plant Charges amounting to Rs 4320/-

As the Town which has suffered much after the advent of Irwin Canal is very much in need of a good

good water supply, I request that early orders of Government may kindly be obtained sanctioning the Scheme, waiving the tools and plant charges. The project may be taken up during the current year

SIR,

Water supply Scheme - French Rocks Municipality

With reference to correspondence ending with your letter No L 7599 Ll 173-32-5 dated 16th/19th May 1933 enquiring whether the Municipal Council are prepared to meet the cost of the Scheme, viz , Rs 28,320/- minus the tools and plant charges amounting to Rs 4320/- from the Municipal Funds, I have the honour to state as follows

The Municipal Council in their meeting held on 28th June 1933 have resolved that they are agreeable to bear two-third of the cost viz , Rs 16,000/- from the Municipal Funds, and that the Government may be requested to pay the balance of s 8,000/- as a special case as the town has become unhealthy wing to the advent of the Irwin Canal into it and no funds are provided from the Irwin Canal Funds for the purpose

I request that orders of Government may kindly be obtained sanctioning the resolution of the Municipal Council

A copy of the resolution and the connected records received with report No 5/33-34 dated 6th July 1933 accompany
